H. F. WICHMAN BOX 342.**ANDROMEDA IS "UNDOCUMENTED"**

Under instruction from Washington to Collector of Customs Stackable the Norwegian former bark Andromeda, now barkentine rigged, will sail today as an "undocumented" vessel. Up to yesterday there was a question in the Shipping Commissioner's mind, as well as in that of Captain Klitgaard, who is now in charge of the Andromeda, as to the manner of shipping her crew. It was either on articles of temporary register or else she would have had to leave port practically as a pirate, a ship without a flag or country. The receipt of authority from Washington to ship her crew as an "undocumented" vessel, paves the way for her to go to San Francisco without any further difficulty. Captain Klitgaard will carry a crew of twelve men and expects to sail sometime today. She is now barkentine-rigged and having ballast of about 500 tons can easily take care of herself. The vessel was subjected to fumigation yesterday afternoon. The Andromeda has been in port since September 25, 1902, when she came limping into port with her mainmast ripped out by the roots, the other two masts stunted and the rigging torn away in a terrible storm while she was en route from Iquique to the Pacific Coast.

LEGISLATORS IN COMMITTEE AT EARNEST WORK

(Continued from Page 1.)

\$500 instead of \$100 for repair of North Kohala court house; \$500 for leper receiving station; \$800 for repair of road from Mahukona to Puuhue in North Kohala; \$1200 for roads in the Kaauhuhu homesteads of North Kohala; \$500 for removing the Kamehameha statue to the court house yard, Kohala, disallowed; \$1000 for school house at Kaauhuhu, referred to Educational Committee; \$5000 instead of \$10,000 for road from Waima to Kawaihae-kai, in North Kohala; \$5000 instead of \$12,000 for repair of road from Puako to Kauhahono, Kohala, Hawaii; \$600 instead of \$800 for repair of South Kohala court house; \$800 for repair of South Kohala jail; \$8000 instead of \$10,000 for road from Kalapana to Kaola, Puna.

A minority report concurs with majority report except that portion relating to the removal of the Kamehameha statue. It is recommended that an appropriation of \$500, as asked for, be allowed.

Paele began the resolution flood by proposing that there be jailors' houses, dining rooms and fences at Waianae and Ewa, at \$4000 each.

COUNTY CONTROL OF EDUCATION.
The rules were suspended and Kellogg presented his bill on the school system, proposing that the County bill provide for control of schools by the county.

Likewise he presented his bill in amendment of the Curfew law.

TO EXEMPT FROM TAX.

Knudsen introduced his bill to encourage diversified industries, providing that for ten years property in use for the production of sisal fibre, castor oil or vanilla extract be exempt from taxation.

Damen was permitted to introduce bills and the following were read the first time: To encourage the cultivation of taro, by exempting land from taxation; permitting the gathering of evergreens on public lands; prohibiting the employment of Asiatics at wharves and landings of the Territory; providing for the employment only of free labor on roads and bridges; providing qualifications for persons in public service; limiting time for commencing action to recover lands to twenty years.

FEES OF JURORS.
Pulaa introduced his measure amending the laws as to jurors' fees, making them \$2 a day and \$1 for a verdict, with traveling fees.

Wright introduced his bill giving the Territory the right to condemn and take over all land unused for ten years, at a valuation to be fixed, for the public domain.

FOR SUNDAY SPORTS.

Vida gave notice that he would introduce a bill to provide for the playing of baseball and for other athletic sports, in public parks on Sundays.

AFFECTING THE COURTS.

Gandall gave notice that he would introduce a bill to amend section 1138, chapter 8, of the Civil Laws relating to the terms of Circuit Court.

Paele introduced a resolution for a jailor's house etc., at Waianae to cost \$4000.

Under suspension of rules the Judiciary Committee reported as follows: \$700 for repairing court house at Koolauloa, jail and lockup; that the resolution relating to a commission to go to the leper settlement be not entertained; that an appropriation of \$3000 for a new court house at Puna be deferred and taken up with the County bill, that the sums of \$500 for court house and jail at Kalapana and \$500 for a court house at Pahoua, Puna, be rejected; that \$2000 be allowed for repairs to Lahaina jail and jail fence.

MORE MONEY FOR TRANSLATION.

Fernandez presented a resolution providing for payment for work done at the following rates: Translating, 75 cents a page; typewriting, 25 cents a page; proof reading, 25 cents a page, and printing, \$1.50 a page.

Harris moved to amend to 50 cents for translation, 12½ cents for typewriting and \$1.50 for printing including proof reading.

Fernandez said that nothing had been agreed upon but the trouble was that the men who were doing the work must have assurance of good pay to get good work.

Harris said that he found many errors in bills and he wanted to know about paying when the work was not done.

Kumalee averred that the Printing Committee knew what it was about. The men who were doing the work were not sure of getting pay so did not work properly. The translators he said were lawyers who knew the terms used. Kumalee said that the time was short and the best service was needed. He said if the House wanted the bills finished quickly a liberal rate should be paid, otherwise the session would end and little be done; more than two dozen men were doing the work.

Speaker Beckley explained that work done before the appointment of the committee was paid for at 50 cents a page translation and \$1.50 a page, including proof reading.

Greenwell remarked he heard for the first time that rates had been decided upon. He thought common courtesy might have prompted consulting with him in the premises. He said he had requests for translations at 50 cents a page and printing at \$1.50 a folio.

On suggestion of the Speaker the Committee and the house, after passing resolution was referred to the Printing House bill No. 34 providing for a flag for the Territory, adjourned for the day.

Kanika objected to the bill going through without having been printed and declared that he would not vote as he had not the bill and could not vote intelligently. There were seven votes against the bill, all House Members.

IN THE SENATE.
The Senate got away with a lot of business yesterday, and adjourned at noon for the day.

Secretary Savage read a communication from the House telling of the adoption of the Achi resolution praying for an appropriation of \$250,000 from Congress for Educational purposes in Hawaii.

A petition from the settlers in Olas, asking for an appropriation for a school house at the 22-mile road, was referred to the committee on health and education.

A petition from a number of residents of Honolulu, asking for an appropriation of \$1,000 for an instructor in lacemaking in the public schools, was referred to the same committee.

Thirty-five settlers of Mountain View asked for an appropriation of \$10,000 for a road in that vicinity, stating that the money already appropriated had not been spent. It was referred to the committee on public lands.

THE BAILIFF LAW.

Senator C. Brown reported for the judiciary committee, recommending the repeal of the bailiff law, and it passed its first reading.

The judiciary committee reported favorably on the Dickey bill designating public holidays, and its passage was recommended. The only changes are in dropping two of the obsolete holidays, January 17 and November 28, and adding Decoration day and Washington's birthday. The report was adopted, and the bill was made the final order for today.

WAYS AND MEANS REPORTS.

Senator Baldwin reported for the committee on ways and means, recommending that the Kalauokalani bill exempting all persons up to \$1,000 and providing that corporations, estates, etc., should not be exempted, be laid on the table, as all these matters are provided for in the county bill. The report was adopted.

Senator Baldwin reported on the Brown loan bill, and recommended its passage. The report was adopted, and the bill will be put on its passage today.

Senator Baldwin reported on the Kalauokalani bill increasing the taxation rate to 2 per cent that "all taxation measures are fully provided for in the county bill." He recommends that the bill be tabled, to be taken up with the county bill.

The ways and means committee recommended also that the "merchandise bill introduced by Kalauokalani be tabled.

SUBSTITUTE BILL.

Senator C. Brown, for the judiciary committee, reported a substitute bill for the one providing for the repeal of the tax on the importation of spirituous liquors, saying that the whole law should not be repealed. The substitute bill provides for a fine of \$500 or a year's imprisonment for importation of liquors by persons not so licensed, or not for the importer's own use. The report was adopted and the bill passed its first reading.

JUMP ON McCANDLESS.

Senator McCandless was the target of a general attack from two or three of the Senators yesterday, because of a report of the committee of public lands and internal improvements. McCandless reported that resolutions providing \$35,000 for Queen street improvement, for improvement of Hilo and Kona roads, for water main on Liliha street, \$40,000 for a cemetery, \$15,000 for Mollili road, and \$10,000 on Maui roads, be laid on the table to be considered with the general appropriation bill. He stated that many of the improvements provided in the resolutions were contained in the estimates of the public works department. The report was withdrawn because of objections from Achi, Isenberg, and Baldwin.

NEED OF NEW LAWS.

Senator Cecil Brown reported for the judiciary committee, recommending the adoption of the bill cutting the penalty for larceny to one year. The report was adopted.

Senator Dickey introduced a resolution providing for the insertion of an item of \$5 in the appropriation bill to reimburse the registration board of Maui for expenses of election, and which could not be paid because of the exhaustion of the appropriation bill.

LAHAINALUNA AGAIN.

Senator Achi introduced a resolution calling upon the public lands committee to investigate the title to the land upon which the Lahainaluna Seminary stands. He stated that if the statement made by Senator Baldwin regarding the sectarian nature of the school is true, then the Legislature could not make an appropriation for the support of the school, as the Organic Act provided that the Territory could not appropriate public money for a sectarian institution.

Senator Baldwin stated that he had since looked up the exact language of the grant from the American Board of Foreign Missions to the Territorial government, and found that it was simply a negative statement, namely: That "no other doctrine than the gospel of the Protestant church" could be taught there.

On motion of Senator Isenberg the resolution was referred to the committee on health and education.

MORE MONEY WANTED.

Senator McCandless presented a resolution calling for the insertion in the appropriation bill of an item of \$5,000 for school houses at Aiea and Ewa. The resolution was referred to the committee on health and education.

Senator Kalauokalani gave notice of a resolution providing for an item of \$50,000 in the appropriation bill for the repair and improvement of Port, Punahele, Kinohiwa and other streets.

Senator Achi moved the insertion in the appropriation bill of an item of \$10,000 for repairing the upper Kalihui road.

MORE BILLS.

Senator Baldwin gave notice of an act providing for the incorporation of societies for the prevention of cruelty to children.

Senator Paris read his bill for the encouragement of cultivation of pineapples, and upon the recommendation of Senator Achi it was referred to the same committee having charge of the sugar bill.

Senator Isenberg moved for the incorporation in the appropriation bill of an item providing for a new school house on Kaula between Kaula and Hanalei.

Senator Paris introduced his bill amending the act relating to the pay of witnesses, and it was ordered printed.

BALDWIN WANTS TO WORK.

Senator Baldwin moved that as the Governor's message had at last been printed, that the second section containing the current appropriations be referred to the committee on public expenditures.

ANOTHER INVESTIGATION.

Senator Achi introduced a resolution calling upon the health and education committee to investigate the refusal of the authorities to issue a license to the Occidental Hotel.

AGAINST LAZARETTO.

Senator Dickey introduced a joint resolution against a national lazaretto in Hawaii, which was adopted. Senators J. T. Brown, Palmer, Woods and Nakaapahu voting with the Republicans.

MALT LICENSE AGAIN.

The retail malt liquor bill was called up for passage and read. Senator McCandless proposed an amendment providing that the limits in which beer licenses could not be issued include both sides of Alakea street and the waterfront. Upon motion of Senator Achi, further consideration of the bill was postponed until today.

The following Senate bills were referred to committees: Nos. 22, 32, 39, 59, 60, 61, 62, 63, and 64 to the judiciary committee; No. 15 to the public lands committee; Nos. 37 and 45 to health and education; Nos. 28 and 65 to ways and means.
